## NEW Dichroic Colours with Crinklized Coating

This exclusive dichroic coating fuses rough with a brilliant coloured course texture. When fusing with the coating exposed or capped, the surface crinkles and crystallizes profusely sending thousands of miniature crystalline-like mirrors upward, positioning themselves in different directions.

Previously available in Mixture- Now available in:

**Magenta Green** on Thin Black 96 coe

**Green Magenta** on Thin Black 96 coe

**Blue Gold** on Thin Black 96 coe

**Green Pink** on Thin Clear 96 coe

## NEW System 96 Sheet Glass

### **Persimmon**

Like the earthy orange-hued fruit this glass is named for, Persimmon serves as a lovely reminder of all things Fall – perfect wherever a rich, warm “spiced” orange hue is desired.

*Stock # 271-71SF*

### **Terra Cotta**

The reintroduction of Terra Cotta to the System 96 palette is reason to rejoice! Taking its cue directly from Mother Earth, Terra Cotta brings a natural beauty to your designs.

*Stock # 215-72SF*

### **Adventurine Blue**

The long awaited second addition to the Adventurine family. A beautiful rich blue with large metallic flakes that spring to life after firing.

*Stock # 138AVSF*

### **Black Cord**

The same great texture you love in the Clear Cord, now in Black. Try airbrushing glittery micas (above), or sprinkling opal glass Frit into the recessed valleys then fuse for an elegant and subtle new effect!

*Stock # 1009CSF*
