## New Book

Celebrated glass designer Leslie Perlis brings her vibrant modern style to the timeless craft of mosaics - with a sculptural twist. This lavishly illustrated book presents Leslie's unique approach that weaves together glass fusing, kiln fired surface decorating and mosaic fabrication to create outstanding dimensional sculptures. Allow Leslie to show you how to think outside the traditional mosaic square and encourage you to experiment with your creative energy.

This 'Dimensional Mosaics' book has 18 pages of instructions to guide you through the complete process, starting with the development of a design, through the fabrication and final cleanup of a full-size sculpture. The project gallery includes 11 fully completed sculptures showcasing them with detailed illustrations and descriptions

## Have you been asked for coloured safety glass?

**Perth Art Glass can now offer our range of Art Glass laminated to conform to AS1288 safety standards.**

This process is done in-house and takes approximately 7 working days to manufacture, the finished laminated glass will be approximately 8mm thick.

So now you don't need to disappoint your client when they require coloured sheet art glass for doors or any other situation where a safety glass must be used.

## Celtic Design Decals

We have three different design sheets available in Black, Platinum and Gold.

The decals are incredibly easy to use- simply cut, soak and slide to decal on to the surface of the glass and follow your usual firing schedule! Compatible with any COE glass.
